To Whom It May Concern:

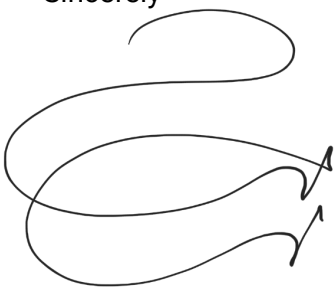

RE: ELITE FINISHES GROUP – LETTER OF RECOMMENDATION

Elite Finishes Group were engaged by Multiplex Construction Canada to provide LVT, Ceramic Tile and Carpet on the St. John's McNicoll Centre – Vintage Garden Phase-II project, a 177 unit senior's residential building in Scarborough, Ontario. Elite Finishes Group was approached for this project based on successful completion of recently completed projects with Multiplex Construction Canada such as the King Highline project in Liberty Village, Core Condos and Transit City Towers in Vaughan.

From the onset, Elite Finishes Group were proactive and professional and were instrumental in the timely and successful completion of the Vintage Garden Phase-II project.

From working closely with the client and design team for the final selection of materials and approvals, to their well-planned and executed delivery and installation, they met and exceeded the project's requirements and I would have no hesitation in recommending Elite Finishes Group and look forward to working with them on our future projects.

Sincerely
